

Tuition Assistance

The tuition model at St. Timothy's is designed to make the school accessible for as wide a range of families as possible while still enabling us to fund an educational program committed to excellence.

Families with circumstances that would affect their ability to pay the required amount may apply for tuition assistance. This assistance is given entirely at the discretion of the Finance Committee, and is based on the needs of all applicants and the availability of donated tuition assistance funds. Note that the bulk of tuition assistance funding comes from the tuition paid by other families in the school.

Tuition assistance is not made available to families with employer-paid tuition.

All tuition assistance information remains confidential with the Finance Committee.

Tuition Assistance Process

The Tuition Assistance form is to be submitted with the main application. For applications received by March 26, 2010 the Finance Committee will determine grants by April 24, 2010 and notify all applicants. A fee payment schedule will be worked out based on the adjusted tuition balance. Applicants must mail in post-dated cheques before May 1, 2010.

Any applications received after April 15, 2010 will be considered at the discretion of the Finance Committee.

Tuition Assistance Principles

The following principles are followed to determine tuition assistance grants.

- Families with high income or significant assets should not be applying for assistance. Tuition assistance grants are targeted to families with genuine financial needs.
- Families are expected to make a significant contribution to paying tuition. The target is 7% of gross family income for families with one child, 11% of gross family income for families with two children, and 13% of gross family income for families with three or more children. Where possible this requirement is relaxed for families with lower income.
- Tuition assistance will favour those in Grades 1-8, because the SK program currently operates with a deficit.

See previous information page for further details. Please fill in all information, even if repeated on other forms.

Note: Tuition assistance is not made available to families with employer-paid tuition
