

Admissions Policy

Christian Commitment

St. Timothy's accepts faithful Christian families where both parents are Christian believers. We may consider acceptance of families with one non-believing parent in rare and exceptional cases only. The non-Christian parent must be supportive of school teaching, cannot hold leadership positions in the school (board membership, committee participation, classroom support), and will not be granted membership (including voting privileges).

Parents should show demonstration of active involvement in their churches for at least one year prior to admission.

At the board interview both parents will be questioned about matters of faith.

Academic Standards

St. Timothy's is committed to ensuring an academic standard that challenges most children without overwhelming them.

As a result of this principle, while we continue to have split grades and limited staffing, the following practices are necessary in order to ensure that our staff are able to maintain the academic standard.

Children at St. Timothy's will be academically able.

Children who have been diagnosed with a learning disability will be required to meet the same academic standards as all the other children in their grade level.

Children who have been diagnosed with a learning disability will be given as much individual instruction and encouragement as their classmates, and extra resources to the extent that it can be reasonably accommodated.

Children who are not able to keep up will either be held back a year or may be denied admittance the following year.

Children with a *severe* learning disability will not be admitted to St. Timothy's without adequate staff, funding, and facilities.
